

Upload Rules House of Tracks

Version: February 2018

1. Prohibition

It is strictly prohibited to use: leads, drops, melodies and/or vocal lead chops from a sample pack or construction kits and/or templates in any of the uploaded tracks

2. Rendering

Every sub-track should be rendered for the whole length of the track in .wav: 44.1 kHz and 24 bit.

3. Naming

Every sub-track must be named either:

- Kick
- Top kick
- Bass
- Hihat1
- Hihat2
- Clap
- Snare
- Percussion

It is not sufficient to only fill in numbers.

4. Midi files

Midi files (Midi Type 1) of all important elements used, e.g. Lead/Drops/Bass/Melodies etcetera

5. WAV-files

Send a proper mastered and unmastered version of the track in

- .wav: 44.1 kHz and 16 bit; and
- .mp3: 320 Kbps.

6. Vocals

If you use a vocal from a sample pack, you're required to put this in you track description. Also upload the instrumental version separately in .wav and .mp3 format.

7. Track length

Minimal track length must be 3.00 minutes
